Re – Independent Fire Services

To whom this my concern,

I have had a working relationship with Ray and his company for four years and can only describe Independent Fire Services to be an extremely professional business.

Attention to detail is second to none.

Site inspections are always thorough with a detailed report always presented at the end.

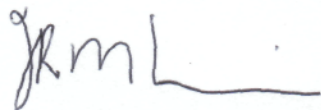

The 24/7 call out service is reliable.

Maintenance issues are promptly dealt with.

I have no hesitation in recommending Ray and Independent Fire Services.

Yours Sincerely
