Re. Letter of Recommendation

To Whom It May Concern:

We have engaged the services of Independent Fire Services as a subcontractor since 2009, to carry out the service and maintenance of the Life Safety systems of which we have been contracted to.

Through out this time we have found them to be extremely efficient and professional in carrying out their duties, they are also trustworthy which is very important in this day and age, and have developed a good working relationship with our staff and clients alike.

Our contracts with them include residential and commercial properties through out the city centre such as,

Cathedral court
7-8 Harcourt Street
34 and 35 Mount Street
64 Mount Street
Moles worth House

IFS carry out the service and maintenance of the Fire alarm and Emergency light systems and also the annual service of Portable extinguishers in all these sites. Through out this time they have provided very informative and detailed reports and have upgraded many of these sites based on these recommendations.

I would have no hesitation in recommending Independent Fire Services and wish them the best of luck with their future contracts.

I hope the above meets your approval, if you have any queries please do not hesitate in contacting me.

Kind regards

Alan Dillon
