Re: Sinclair Fire Safety Ltd. T/A Independent Fire Services

To whom it may concern,

This is to confirm that Independent Fire Services have been engaged to maintain the fire alarm system and leak detection systems on behalf of the National Cancer Control Programme and National Cancer Screening Service, 3rd and 4th floor King's Inns House, Parnell Street, Dublin 1.

We are satisfied that the service to date in all respects has been completed in a professional and efficient manner.

Kind Regards,

Dearbhla Reid
Administration Officer
